

HELLO

#Identify

Identify attitudes and/or knowledge towards a topic 8 - 48 25 min

Benefits

For the facilitator Adapt their approach and expectations based on the group's attitudes and knowledge about a topic.

For the participant Set appropriate personal goals.

This activity requires identifying four questions related to the topic in advance. During the activity, participants are divided into subgroups to answer one of the four questions provided. They then move on to the next question until all questions have been addressed. This activity is used both to analyse needs and to assess participants' knowledge, awareness, and attitudes toward the topic.

Sequence

5 min	Activity presentation	<i>In plenary</i>	The facilitator explains the objective and structure of the activity. The 4 questions related to the topic are then presented, including one about participants' expectations.
12 min	Rounds	<i>In groups</i>	<ul style="list-style-type: none">• The facilitator divides participants into four groups and assigns each group one of the questions.• Rounds 1, 2, 3, 4 :<ul style="list-style-type: none">◦ The facilitator allows 3 minutes for each group to answer their assigned question.◦ Rotations: At the end of each 3-minute round, the groups rotate so that team 1 moves to the second question, team 2 to the third, and so on. This process is repeated until all groups have answered all questions.
8 min	Overview	<i>In plenary + Individually</i>	The facilitator and participants discuss the answers provided for each question. The facilitator then invites participants to set personal goals related to the topic.

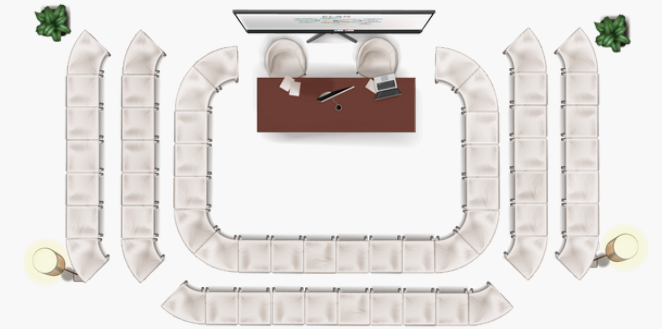

Sample Questions:

1. What are the differences between remote management and in-person management?
2. What are the similarities between remote management and in-person management?
3. What are the main challenges of remote management?
4. What are your expectations for this session?
