

COMMONALITIES

#Connect

Create connections to strengthen group cohesion

 8 - 36

 15 min

Benefits

For the facilitator

Analyse interactions among participants. Foster cohesion and a positive atmosphere.

For the participant

Break the ice by creating or strengthening connections, overcoming hierarchical barriers, and stimulating creative thinking.

During this activity, participants are divided into teams to discuss and identify all their commonalities. Each team then selects the most unique commonality to present to the rest of the group. At the end of the activity, participants vote on the most original commonality among those shared by the teams.

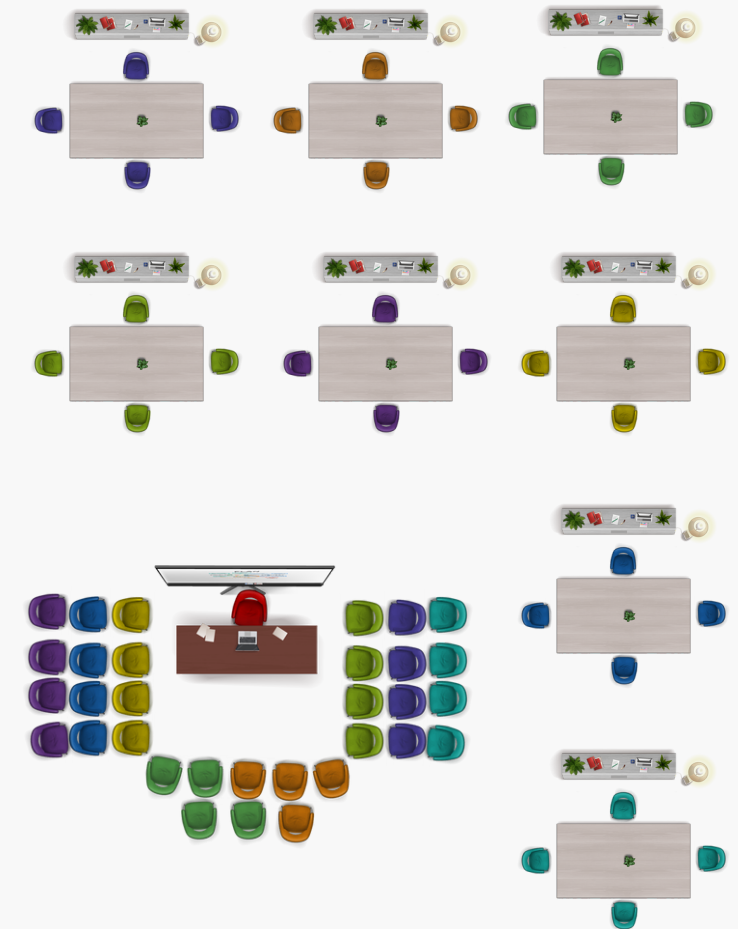

Sequence

5 min	Activity presentation	<i>In plenary</i>	The facilitator explains the objective and structure of the activity.
5 min	Identifying commonalities	<i>In groups</i>	The facilitator forms teams of up to 4 participants. Within each team, participants discuss and identify their commonalities, selecting the most unique one.
5 min	Restitution & Voting	<i>In plenary</i>	Each team presents their most original commonality to the group. The facilitator then initiates a poll for participants to vote on the most unique commonality, reminding them not to vote for their own team's choice.
